Subject: Re: Storage Tanks at CES Houston
Date: Monday, February 15, 2016 11:24:09 AM

Hello,
Thanks for the heads up. I will talk to them.

On Mon, Feb 15, 2016 at 10:20 AM, Moore, Gary <Moore.Gary@epa.gov> wrote:
Hello

The tanks are empty but have not been not been hydroblast cleaned to meet the RCRA clean according to TCEQ.

My recommendation is to contact the Trustee and talk with the PRP Group. You may be able to negotiate an agreement for tanks.

Hope this helps
Gary Moore

Good morning Mr. Gary Moore & Mr. Terry Andrews,

I got your contact details from Mickey Edmundson.
I congratulate you both and the team that worked to clean up CES. I had visited that facility couple of years back along with another gentleman who wish to sell them to us. We asked him to clean them, certify and deliver to our location, which didn't happen for various reasons.

A west Texas company wanted to sell their storage tanks made me to remind tanks lying at CES, which were bothering the residents around that. I had inspected that along with David, working with the Trustee. I have following of question, which he said he will come back to me.

I wanted to know if all the tanks are clean to be shipped out?

I can be reached out on [610-844-3156](tel:610-844-3156) or email.

Look forward to meet both of you at your convenient time.

Let me know how I can be part of your work?
